NOTICE TO LICENSEES

Notice #2025-14

Issuing Division: Tax and License

DATE: March 10, 2025

TO: All Group II Nonrestricted Licensees and Interested Persons

FROM: Chandeni K. Sendall, Board Member

SUBJECT: Information Technology ICP #29 (V1) Global Variation

As of July 1, 2024, all Group II licensees were required to comply with Version 1 of the Information Technology Internal Control Procedures ("ICP" or "ICPs"). Information Technology ICP #29 requires that server consoles and unattended user terminals in gaming areas (if configurable), must be configured to automatically secure themselves after a period of inactivity elapses. The duration of inactivity before automatic security is to be determined by management, with a maximum limit of one minute.

The Board is granting a variation allowing management to determine the inactivity period, provided it does not exceed thirty minutes. This adjustment enables licensees to set a time frame that meets their security requirements while minimizing disruptions to gaming operations.

Please be advised that the Board retains the discretion to revoke and/or modify this ICP variation approval for good cause.

Please contact Supervisor Jocelyn Mendez, Tax and License Division, at (702) 486-2008 or taxandlicense@gcb.nv.gov if you have any questions.
